REASONS FOR THE PLACING OF THE CONVERTIBLE NOTES AND USE OF PROCEEDS

The Company is an investment holding company. The Group is principally engaged in manufacturing and sale of pharmaceutical products, iron mining business, real estate investment and securities trading. As stated in the Company's annual results announcement dated 27 June 2014, the Company will continue to explore opportunities for business diversification in order to improve its earning base. It is the strategy of the Group to diversify into the real estate sector in the People's Republic of China. In line with this strategy, the Group has already acquired certain real estate investment projects and is identifying further potential real estate projects for investment purposes. Hence, additional funding is required for the further possible real estate investment(s). The Directors have considered various fund raising methods and believe that taking into account the prevailing market condition, the Placing represents an opportunity for the Group to raise equity capital for its future development.

The Directors consider that the issue of the Convertible Notes will provide the Company with immediate funding without immediate dilution of the shareholding of the existing Shareholders and, if the conversion rights attached to the Convertible Notes are exercised, the capital base of the Company will be enlarged.

Assuming the Convertible Notes are placed in full, the maximum gross proceeds from the placing of the Convertible Notes is HK\$608,000,000 and maximum net proceeds from the placing of the Convertible Notes (after deducting the commission and other related expenses) is estimated to be approximately HK\$599,700,000. Assuming the Convertible Notes are placed in full and converted into the Conversion Shares at the initial Conversion Price of HK\$0.38, the net proceeds raised per Conversion Share will be approximately HK\$0.375. The net proceeds from the Convertible Notes will be used (i) as to approximately HK\$450,000,000 for potential future investments, including real estate projects; and (ii) the remaining amount of approximately HK\$149,700,000 for the general working capital of the Group and investment in any potential business opportunity, if any.

The Directors (including the independent non-executive Directors) consider that the terms of the Placing Agreement, which were arrived at after arm's length negotiations between the Company and the Placing Agent, are fair and reasonable and are in the interests of the Company and the Shareholders as a whole.
